THIS GAME IS THE 🤡

## PLAYERS

3 to 6 Players or Teams

## OBJECTIVE

Be the player or team with the most points after two rounds of play.

## SET UP

Bust out the cards and choose the first **Badmoji host**. This should be the person who swears the most.

## GAME PLAY

First, the host reveals the Badmoji side of a card to all players until: (i) a player guesses the phrase correctly or (ii) no one answers correctly after 30 seconds.

The first player to correctly answer keeps that card for the remainder of the game.

The Badmoji host reveals one card at a time until the group answers five correctly.

The role of Badmoji host now moves clockwise to the next player (or team), and the game repeats until all players or teams have been the host.

One more round to go! Once all players (or teams) have been the Badmoji host, begin game play with the original host and repeat for one more round.

## SCORING

After the second round, each player (or team) adds up the point values on the cards they solved correctly. The player or team with the most points is, literally, the **Badmojiest and gets to give all the losers a swirly.**
